## 2009 BOOKS

Comparative Psychology By Animal No.8: Octopus  
Orsett, Essex: Orsett Psychological Services (Available  
at <http://psychologywritings.synthasite.com/comparative-psychology-by-animal.php>)

Issues, Ideas, and Information for Psychology  
Students No.1 - Environmental Psychology (Ebook)  
(<http://www.archive.org/details/IssuesIdeasAndInformationForPsychologyStudentsNo1-Environmental>)

- Studying the effects of noise - quasi-experimental naturalistic studies vs laboratory experiments
- Reducing car use and increasing public transport commuting: two studies in understanding such behaviour
- Persuading people to become more green by scaring them?
- The "Mozart effect": too specific
- The effect of the natural environment on children's cognitive functioning: direct and indirect evidence

Issues, Ideas, and Information for Psychology  
Students No.2 - Animal Communication (Ebook)  
(<http://www.archive.org/details/IssuesIdeasAndInformationForPsychologyStudentsNo2-Animal>)

- Different types of animal communication
- Reasons for animal communication
- Communication and the social transmission of information in groups
- Web search activity: animal calls
- Language and the calls of two different animals
- Studying animal communication with different research methods

Issues, Ideas, and Information for Psychology  
Students No.3 - Evolutionary Psychology (Ebook)  
(<http://www.archive.org/details/IssuesIdeasAndInformationForPsychologyStudentsNo3-Evolutionary>)

- Criticising Evolutionary Psychology and "Pop Evolutionary Psychology"
- Evolution of the human brain and the modular mind
- Studying human female signals of fertility
- Mating skew in humans
- Male mate-guarding and retention

Issues, Ideas, and Information for Psychology Students  
No.4 - Animal Behaviour

(<http://www.archive.org/details/IssuesIdeasAndInformationForPsychologyStudentsNo4-AnimalBehaviour>)

- California ground squirrels and deceptive communication
- An example of a physical intervention study with red grouse
- Use of robots in animal experiments
- The experimental study of visual imprinting
- Homing to natal site for reproduction
- Fatal fighting
- Differences in evolutionary behaviour: Females acting like males - polyandry
- The benefits of cannibalism of offspring by the mother
- Animal behaviour web tasks: Learning and genetics
- A brief early history of comparative psychology

Issues, Ideas, and Information for Psychology Students  
No.5 - Research Methods

(<http://www.archive.org/details/IssuesIdeasAndInformationForPsychologyStudentsNo5-ResearchMethods>)

- The single participant and blindsight
- Measuring non-conscious perception
- Recruiting volunteer participants
- Descriptive statistics: averages and measures of central tendency
- Cross-sectional longitudinal studies: the best of both worlds
- Studying behaviour with an internet-based questionnaire: an example from research on sleep disorder
- Studying specific groups: the nun study
- Psychology debate: this house believes that the self is best studied with quantitative methods
- Two classic 1960s social psychology studies on the influence of other people: laboratory versus naturalistic study
- Carving up continuous data

Issues, Ideas, and Information for Psychology  
Students No.6 - Stanley Milgram

(<http://www.archive.org/details/IssuesIdeasAndInformationForPsychologyStudentsNo6-StanleyMilgram>)

- A modern day replication of Milgram - ethically any better?

- Experimental replications on obedience since Milgram
- Replicating Milgram: role-playing and virtual reality
- Psychology debate: this house believes that Stanley Milgram was fully justified to do his research into obedience

Issues, Ideas, and Information for Psychology Students No.7 - Ethics in Research (Ebook)  
<http://www.archive.org/details/IssuesIdeasAndInformationForPsychologyStudentsNo7-EthicsInResearch>)

- Arguments against the use of animals in psychological experiments: primates, rodents, and octopuses
- Psychology debate: this house believes that laboratory experiments on non-human animals tell us little about human behaviour
- Ethical issues and psychology
- In the name of psychology
- Ethics of Stanford Prison Simulation
- To tell or not to tell participants: the use of complicated scenarios in experiments
- Did an unethical psychology experiments cause the Unabomber?
- Telling participants unpleasant false information: the "ordinariness of exploitation" in psychology experiments - Bramel (1962)
- Three implications of the use of deception in social psychology experiments

Issues, Ideas, and Information for Psychology Students No.8 - Evolution (Ebook)  
<http://www.archive.org/details/IssuesIdeasAndInformationForPsychologyStudentsNo8-Evolution>)

- Humans versus chimpanzees: genetics
- How unique are humans and language?
- Evolution of intelligence in primates
- Group selection to explain altruistic behaviour
- The evolution of human beings: a brief overview

Animal Behaviour: Advantages and Disadvantages No.2 (Ebook) (<http://www.scribd.com/doc/16511069/Animal-Behaviour-Advantages-Disadvantages-No2>) and (<http://kmbpsychology.jottit.com/e-books>)

- Inbreeding
- Monogamy
- Parental care and investment

- Lek mating
- Non-reproductive sex in animals

Methods and Issues of Studying the Brain in Psychology  
<http://www.scribd.com/doc/17028501/Methods-and-Issues-of-Studying-the-Brain-in-Psychology>) and  
[http://kmbpsychology.jottit.com/methods and issues of studying the brain in psychology](http://kmbpsychology.jottit.com/methods_and_issues_of_studying_the_brain_in_psychology))

More Aspects of Sleep (Ebook)  
<http://psychologywritings.synthasite.com/psychology-of-sleep.php>)

- Why do animals sleep?
- A study of sleep paralysis in Japan - kanashibari
- Sleep aids some aspects of learning of skills, but not others
- Sleep and health
- Sleeping habits among Mexican students
- Awake or asleep?
- Lucid dreams and the early work of Stephen LaBerge
- How much sleep is average?
- Long sleepers
- Epworth Sleepiness Scale

Even More Aspects of Sleep (Ebook)  
<http://psychologywritings.synthasite.com/psychology-of-sleep.php>)

- Studying sleep - questionnaire design
- Using psychiatric drugs to treat narcolepsy
- Sleep is essential or is it?
- Experiencing insomnia: qualitative research
- Do dolphins sleep?
- Asking big questions about sleep
- Studying the frequency of nightmares accurately
- REM deprivation in humans: the discovery of REM rebound
- Sleep and recreational drug use
- Treating insomnia

Issues, Ideas, and Information for Psychology Students No.9 - Debates in Psychology (Ebook)  
<http://www.archive.org/details/IssuesIdeasAndInformationForPsychologyStudentsNo9-DebatesIn>)

- Introduction to debates
- Free will and determinism
- Female migrant prostitutes and autonomy and determinism
- Agency as a problem

- Willpower
- Psychology debate: This house believes that homosexuality is caused by a "gay gene"
- The nature versus nurture debate
- Reductionism and holism
- Idiographic and nomothetic
- Psychology as science
- Science, truth and AIDS denial

Essays in Social Gerontology and Methodology (Ebook)  
<http://www.archive.org/details/EssaysInSocialGerontologyAndMethodology>

- Evaluation of disengagement theory
- The Berlin Ageing Study (BASE)
- Testing three theoretical hypotheses about social participation
- Imagining being old
- Perceptions of older workers: presenting categorical data
- Social productivity and well-being
- What is wrong with successful ageing?
- Two challenges to ageing: ageism in a different way
- Indirect observation: images of older adults in the media
- The double standard of ageing
- Measuring subjective age
- Androgen decline in the ageing male (ADAM) questionnaire
- A simple example of the use of chi-square test - social networks
- Keeping a fit mind

## **2009 - ARTICLES**

Cognitive neuropsychology Psychology Teachers Update  
 20.1, January, 4-31 (Full text at  
<http://www.archive.org/details/PsychologyTeachersUpdateNo.20.1>)
